Perambulation of line between Chelmsford and Carlisle.
 Be it known that on the 16th day of October in the
 year 1873, we the selectmen of the towns of
 Chelmsford and Carlisle did perambulate the
 line and view the bounds between said towns
 as by law required. We find the bounds on
 said lines as follows, to wit: 1st. A stone post marked
 B.C.C. in a meadow of Deacon Edward Spaulding,
 deceased, formerly known as the Davis meadow -
 at a point where the towns of Balaena, Chelmsford
 and Carlisle meet. 2nd. Thence running north-
 westerly about 200 rods to a stone post marked
 C.C. standing near a cart path about 50 rods north
 of the Bay. Baldwin cellar hole and about 12 rods
 west of the meadow. 3rd. Thence southwesterly about
 380 rods to a stone post marked C.C. standing in spout
 land now owned by Samuel Martin, formerly
 belonging to J. Barrett Wright, about ten rods
 west of the road leading past the house of David
 M. George. 4th. Thence still southwesterly about
 360 rods to a stone post marked W.C.C. on land
 of Warren H. Blaisdel formerly belonging to heirs of
 Oliver Hutchinson at the point where the towns of
 Chelmsford, Carlisle and Westford meet, and about
 60 rods east of the house of Mrs. Burnham Smith.
 We further find well established stone bounds at
 all points where the above described line crosses the
 highway.

The line between the towns of Chatham and
 Springfield was surveyed in the
 year 1843 by the selectmen of the towns of Chatham and

 James K. Rice. 3rd. Thence southerly along the

At a legal meeting of the inhabitants
of the Town of Shelburne, qualified to
vote in town affairs, held in the town
hall at the Centre of the town, on Saturday
the eighth day of August, 1896 at 2 o'clock
in the afternoon, the following votes were
passed and proceedings had, to wit:
The meeting was called to order and
the warrant read by the town clerk,
took up Article 1 to choose a moderator,
and J. Adams Bartlett was unanimously
chosen the check list being used.
The oath of office was administered by the town clerk,
took up Article 2 which was to hear the report
of the committee to which was referred the
matter of increased school accommodations
in the Centre village, at the special town
meeting held June 27th last and act in
relation thereto. The report read by the town
clerk was as follows: The committee chosen at
the special town meeting, June 27th last,
instructed to examine the present school house
in the Centre village to ascertain if it can
be enlarged and put in condition to meet
the needs of the town for school purposes
and all legal requirements regarding such
building, and report to the town the probable
cost of such improvements, and present
plans showing changes suggested and authorized,
(if in their judgment it is necessary), to consider
the cost and location of a new building for
school purposes, and to consider and report to
the town whether, in their judgment the
present district system of schools shall
be continued or abandoned, having
only considered the matters referred to
it, respectfully submit the following

"The present school house in the Centre village can be enlarged to meet the probable needs of the town for many years, by the addition to its rear of a four-room building according to the plans herewith submitted, and can be put in condition to fully meet all warming, ventilating and sanitary requirements by the use of the Fuller and Warren system as indicated in the plans submitted.

The probable cost of such addition and improvements is estimated not to exceed twelve thousand dollars (\$12,000)

In the opinion of the committee the cost of a new building of equal capacity and convenience, would be much greater, and the obtaining of a suitable location at a reasonable price, impossible.

The committee has been unable to find that the present system of schools is the "District" system. If it is, in their judgment it should be abandoned.

Chelmsford, August 4, 1896. Percy J. Perkins, Ziba Gay, John Lewis Bartlett, Geo. H. Snow, Alex J. Dark. Committee.
